

Hi Annika,

Please find attached my clubs latest "Friendship Bouquet"

I am very impressed with your English - so please do not apologise for your English it is excellent

We have my husband George's sister Enid staying with us for 2 months. It is her first visit to Australia & at 83 she has found it very daunting.

We have had a car rally in our 25/30 Rolls Royce car to country Victoria with our daughter Ruth & husband Tim for a week. The countryside was at it best - green pastures & magnificent scenery with sheep & cattle in peak condition.

We showed her our capital city, Canberra, after driving over 8 hours to stay with my sister, Anne, for 4 days. We visited the War Memorial, Parliament House, saw Lake Burley Griffin, Visited the Zoo & Canberra Botanic Gardens.

Yesterday we took her to Healesville Wildlife Sanctuary to see Australia's native animals .

We are going to Phillip Island also . Our Daughter Emma now has a holiday home on the island - so we will stay for a few days & visit the penguins as we did with you

Our son David & his wife are taking her to Sydney to see the sights.

I hope reading this it brings back happy memories of your trip to Australia

Hope to hear from you

In IW Friendship

Sue
