District Chairman Joan, members of the Executive and Inner Wheel Members of District 12 have the pleasure of inviting members from Sweden 325 to join them from 21st May to 24th May 2019.

We do hope that you can send as many delegates as possible and we all look forward to renewing our friendship with you. We have devised an exciting programme for you that allows time for you to meet club members, visit a historic town with your hosts and a lunch where our friendship will be formally celebrated.

Please complete the form below with details of those attending and return to me by **November 29th 2018** so that I can then complete the hosting arrangements.

I will inform you of home host details once completed and then arrangements to collect those attending the visit can be arranged individually.

District 12 warmly look forward to meeting you.

Yours in Friendship

Pat Sanford

D12 International Service Chairman
